GENERAL INFORMATION AND CONDITIONS

MEMBERSHIP AND AFFILIATION.

(a) Membership in the Alberta Provincial Rifle Association is contingent upon payment of an annual fee or Life Membership. An annual subscription of \$1.00 entitles privileges of membership, and to take part as a competitor in the annual matches. Cadets and Juniors are entitled to free membership. A membership crest may be purchased for \$1.25.

(b) Affiliation: Any Unit, Unit Rifle Association or Civilian Rifle Club may affiliate with the A.P.R.A. on payment of an affiliation fee (see Team Section).

CLASSIFICATION.

(a) GREENSHOT—A Greenshot is a competitor who has not in former years competed in any National, Dominion, Provincial or State Rifle Meet. A Greenshot remains in this class for the first year's competition and automatically becomes a Tyro the second year. Irrespective of prizes won, a Greenshot does not become a Provincial Senior for second year's competition.

(b) TYRO—A Tyro is a competitor whose name does not appear in the top 25% of the Alberta competitors who entered in the Grand Aggregate of the previous year's prize meeting.

(c) SENIOR—A Senior is a competitor who has an average higher than that mentioned in the foregoing paragraph. Once a competitor has attained this standing he will remain a Senior for five years from the time he last attains this average.

(d) NON-RESIDENTS—Persons residing outside the boundaries of the Province of Alberta will be classified as Seniors. Visitors attending the annual prize meet a second year will automatically be placed in their proper class.

N.B.—A Greenshot or Tyro remains in that class for the entire calendar year in which he competes irrespective of prizes won in any meets during that year.

Regardless of the above, all competitors who are Seniors at the D.C.R.A. will be Seniors at the A.P.R.A.

ADMINISTRATION.

(a) **EXECUTIVE MEETING**—In accordance with the provisions of the constitution, a meeting of the Executive Committee will be held at the pavilion, Monday evening, June 30th, at 8 p.m. for the purpose of appointing a Match Committee and such other business as may be brought before them.

(b) **MATCH COMMITTEE**—A Match Committee will be appointed by the Executive Committee prior to the Prize Meeting. This committee of five members (three to form a quorum) will have the power to hear and rule on any protest or complaint or other matters submitted in writing through the secretary. Any decision made by the Match Committee shall be final. They may, however, at their discretion, refer any matter to the Executive Committee, in which case the decision of the Executive on said matter shall be final.

The Match Committee "HAS NOT THE POWER TO ALTER THE CONDITIONS OF THE MATCHES". Such decisions must be referred to the Executive. Regular meetings of the Match Committee will be held each day during the Prize Meeting, immediately after the conclusion of the morning and evening shooting. Special meetings may be called by the chairman at any time.

(c) **SEMI-ANNUAL MEMBERS' MEETING** — In accordance with the constitution, a meeting of all competitors will be held at the pavilion on Thursday, July 3rd, at 9.00 p.m.

CAMP ACCOMMODATION—Through the courtesy of the District Ordnance Officer, Camp Accommodation will be provided for competitors out on the range. Bell tents will be provided free, and a nominal sum of \$3.50 will be charged for camp accommodation and blankets for each individual using tents, etc.

Q.M. STORES—Any stores required by units or individuals may be drawn from Q.M. Stores located in the pavilion. Request is made that such stores be drawn as early as possible.

ENTRIES—Entries for the individual matches must be in the hands of the secretary ten days before the matches are scheduled to start. Competitors are earnestly requested to forward entry forms as early as possible. Payment may be forwarded with the entry form or may be made at any time before receiving match cards.

To facilitate squadding and to enable us to keep within the time schedule, the number of entries will be limited to one hundred and eight. Competitors entering all Full Bore Matches will receive preference, and will be accepted in the order in which entries are received.

AMMUNITION—Competitors are particularly requested to draw their requirements as early as possible. Specified times, well in advance of the first official match, will be posted on the bulletin board for competitors desiring to draw their ammunition allotment. The regulations concerning ammunition will be strictly enforced. Competitors must use the official ammunition supplied for this annual prize meeting and no other—under penalty of disciplinary action by the Match Committee. Arrangements will be made so that ammunition may be drawn at intervals during the prize meeting.

RIFLES—A supply of rifles with sights as issued will be available for issue to competitors who require them. Notification of requirements must be shown on entry form to secretary. On arrival on range see secretary regarding regulations for loan of rifle.

The introduction of packing in the No. 4 Long Branch Service Rifle is **STRICTLY PROHIBITED**. The Executive Committee delegates the right to the Match Committee to seal the rifle of any competitor for examination at the conclusion of the Meet. The penalty for the introduction of any packing material in a No. 4 Long Branch Service Rifle will be the forfeiture of all entrance fees and prize monies won, and two years' disqualification from entering any A.P.R.A. Sponsored Matches. The suspended competitor's name will be forwarded to the D.C.R.A. at Ottawa for information.

Rifle may be fitted with any type of aperture sight currently approved by the D.C.R.A. with the exception of the Service Conditions Matches. Trigger weight must be not less than five pounds. The Chief Range Officer may test the trigger pull of any competitor's rifle, but must test the pull of any competitor registering a possible.

SLINGS—Sling, any color of leather or webbing, may be used as an assistance in shooting in all matches in which slings are authorized, and when used they must not exceed 54 inches in length, exclusive of the tongue and buckle. If any sling exceeding the length specified is used, the competitor's score will

be disallowed. The sling may be placed around one arm or wrist, and around one only, and not around any other part of the body. **No hook, or interior padding** shall be used to retain the sling, or rifle in any particular position on the competitor's person. Nothing in the above regulation is to be taken as precluding the use of the American army type of sling. 1958 D.C.R.A. regulation states: Slings of U.S. Military Design, without pad or cuff, will be permitted.

SQUADDING—Each competitor's firing ticket will indicate in which squad he is scheduled to fire in each match. All competitors will report to the Range Statistician before proceeding to designated firing point, in all matches. Shooting will then be carried on with a time limit of 45 seconds for each shot from the time the target appears. **THIS RULE WILL BE STRICTLY ENFORCED AT ALL TIMES.** The score of any competitor who persists in exceeding the time limit may be disallowed by the Match Committee.

COACHING—In competitions where individual prizes are being competed for, coaching of any kind is strictly prohibited. This prohibition includes competitors while on the firing points giving information to neighboring competitors.

SIGHTING AND PRACTICE SHOTS.

(a) Practice shot tickets may be purchased in strips of five from the office at a cost of 25c. One practice shot will be allowed before the first range each morning, in addition to the two compulsory free sighters. In addition, three practice shots will be allowed before the Herron Memorial Match and the Albertan Match.

(b) Two free sighting shots will be allowed at each range in the squadded matches, and team matches. Also two free sighting shots will be allowed where ties have to be shot off and one on the resumption of firing, when the completion has been interrupted by cease fire, or delayed for a period exceeding ten minutes by any legitimate or unforeseen cause which is not the fault of the competitor, or when in the judgment of the Chief Range Officer the circumstances justify such allowance.

COMMUNICATION AND MARKING.

TELEPHONES—The Executive will use its best endeavors to secure telephone communication with the butts, but should there be any breakdown in the arrangements, whether of a temporary or

permanent nature, such occurrence must not be allowed to interrupt the shooting, nor will it be admitted as a claim on the part of a competitor to any indulgence.

CODE MESSAGES—In order to save time, the following code of messages will be used:

Code messages, as follows, will be employed by range officers when communicating with the butt officer by telephone (in each case the target number will be given followed by the message number, viz):

Message No. 1—Firing about to begin.

Message No. 2—No spotting disc visible.

Message No. 3—Spotting disc disagrees with value signalled. Examine target and re-signal correct value of shot last signalled.

Message No. 4—Competitor claims a hit although none has been signalled.

Message No. 5—Competitor has had target examined and a miss reported. He is now challenging for a hit.

Message No. 6—Competitor has challenged and claims a value for his hit other than that which has been signalled.

Message No. 7—Marking is too slow—Hasten.

Message No. 8—Next competitor to fire asks to have target examined and cleared. If a shot is found report to the Range Officer only, and **DO NOT SIGNAL**, the value.

These signals will be passed to the Range Officer and under no circumstances will the telephone operator be instructed by the competitor to pass the signal direct to the Butts. Message 5 and 6 require challenge tickets.

MARKINGS—All hits on the target will be spotted by the use of a reversible Black and White marker at all ranges. Hits in the corners of the 200 to 600 yard targets outside the outer circle have no scoring value, but will be spotted.

RICHOCHETS—In SRa competitions ricochets are counted as direct hits. In SRb competitions a ricochet is counted zero and recorded as a miss. No shot will be signalled as a ricochet which does not give evidence that it has previously struck the ground by throwing sand or dirt against the target or into the trench.

CHALLENGES—The marking for value of a shot may be challenged **before any other shot has been fired at the same target**, on the sum of fifty cents being first deposited with the

Range Officer. If, on examination, the marking in question is confirmed, the challenge fee shall be forfeited without appeal. If, on the contrary, the objection proves well founded, the correct value will be signalled in the usual way, the fee shall be returned to the competitor who paid it, and the score altered in accordance with the decision received. In all challenges for value the Butt Officer's decision shall be final. Competitors are requested to equip themselves with the proper change, and not to depend on the Range Officer being in the position to make change.

We will endeavor to have a shooters' representative in the Butts to examine, with the Butt Officer, all shots challenged, who will record their findings.

CENTRAL V's—Central V's are being used, and the Executive would like you to get thoroughly acquainted with these by studying the following data:

How to score Central V's—Every time a Central V is signalled from the Butts, it will be a large white V appearing on the black signal panel. It will be scored by the Register Keeper, by a Roman V instead of the customary figure 5.

Example: The score of J. Black at 300 yards:

Name	S	S	1	2	3	4	5	6	7	Total
J. Black	3	4	5	5	V	5	V	V	3	35—3V

D.C.R.A. Regulations will apply for cash and trophies in all cases where the score in question is less than the H.P.'s for that match. Central V's will only be counted where both competitors score a possible and D.C.R.A. regulations will still apply—placement of Black 5's and V's will count. Only in cases where scores are identical in placement of shots will a shoot-off be held for declaring match winner.

REGISTERING AND SCORE CARDS — Register keepers will NOT be provided, but there will be a Registrar of Scores (Range Statistician) on the range. The procedure of registering and scoring will be as follows:

1. Each competitor shall hand his match ticket to the Registrar.
2. His ticket will be returned to him immediately and he will proceed to his designated target where he will turn his ticket over to the competitor on the same squad who will keep his score.
3. When scores by ranges are completed, each competitor must verify and initial his match ticket which will also be signed by the competitor who kept the score. The ticket

will then be handed to the Registrar for retention. When his match ticket is completed it must be signed by the competitor.

4. The individual match ticket contains the only detailed record of the competitor's score and is the official record. As each competitor is responsible for ensuring that his match ticket is properly completed before he leaves the butt, NO APPEAL as to mistakes will be considered thereafter.

5. Failure to turn in match cards will result in forfeiture of the score in the particular match concerned, but on written application to the Match Committee, the score may be re-instated in the aggregate, at the discretion of the Match Committee.

CARDS NOT TURNED IN WILL HAVE THE SCORES
FORFEITED FOR THAT MATCH.

AGGREGATE CARDS—All Individual, Extra Series, V Bull Pool, Long Range and Grand Aggregate cards must be completed, signed and placed in the aggregate box, located in the pavilion, not later than one hour after completion of the last match included in the aggregate concerned. The competitor is responsible for its accuracy and is advised to sign the claim card as soon as received to facilitate recovery in case of loss.

REFUNDS—All claims for return of entrance fees must be made prior to the commencement of the respective competitions. A refund will be made on unexpended extra series if applied for not later than 6 p.m., Saturday, July 5th.

PRIZE LIST—The Executive Committee reserves the right to alter, amend or suspend any of the prize list published herein at any time previous to the firing of the match affected.

PRESENTATION OF PRIZES—A formal presentation of principal trophies, medals and souvenirs will take place at the pavilion fifteen minutes after the conclusion of the Governor's Match.

TROPHIES—All cups and other challenge trophies shall remain the property of the A.P.R.A. A resident of the Province of Alberta will be entitled to keep same in his possession, after

completion of the proper bond, until its return is requested by the secretary prior to the next annual matches.

Any non-resident of the Province of Alberta, because of the risk of non-return of the trophy will be entitled only to have his name and date engraved on the trophy.

NOTICE TO COMPETITORS—In cases not dealt with in the Provincial Regulations, the D.C.R.A. Regulations of the current year will be consulted. Competitors must make themselves acquainted with the regulations and with the conditions of any match. In no case will a plea of ignorance be accepted. Competitors are warned to refer to the notice board frequently for special notices which alter the original details of shooting or which may affect them personally. Competitor's complaints must be submitted in writing to the Secretary within one hour of the completion of the match or event concerned.

MATCH SCORE BOARD—A Tournament record will be kept of all competitors on a prepared score board for the interest of competitors and visitors.
